MESSAGE FROM PRESIDENT, ICAI

CA. Ranjeet Kumar Agarwal
President, ICAI

As the world grapples with climate change and the disruptions of AI, India's philosophy of "**Vasudhaiva Kutumbakam**" (The World is One Family) has emerged as a lighthouse. India's successful hosting of the G20 summit on this theme and the launch of the Global Biofuels Alliance demonstrate its commitment to sustainable development. Taking it forward, **the Institute of Chartered Accountants of India (ICAI) is thrilled to announce the World Forum of Accountants (WOFA), a global gathering of accounting and finance professionals dedicated to shaping the future of the profession on the theme "Accountability Meets Innovation (AI): For A Sustainable Planet" on 31st January, 1st & 2nd February, 2025 at Yashobhoomi, New Delhi.**

The mnemonic for WOFA aligns with the Sustainable Development Goals (SDGs), emphasizing the importance of caring for both the planet and its people. Topics will include AI-driven solutions, ethical considerations, policy frameworks, and collaborative efforts to ensure responsible AI for a sustainable future.

The forum brings together different organisation of the accounting and finance profession with the common goal and a shared vision of implementing the best practices, ensuring integrity and transparency. Over 6,000 attendees from all over the world will have the opportunity to engage in contemporary discussions, gain valuable insights, share experiences and contribute to shaping the future of the accounting profession.

Whether you are an accountant, an auditor, a financial analyst, or sustainability professional, WOFA offers an invaluable opportunity to gain insights, foster networking opportunities among delegates from around the globe.

Join us in shaping the future of accounting and finance, as we explore the opportunities and challenges presented by the emerging trends and changing dynamics.

I extend a warm welcome to all participants and look forward to a fruitful and inspiring forum.

About

WOFA

World Forum of Accountants

The World Forum of Accountants (WOFA) will delve into the critical intersection of artificial intelligence (AI) and environmental sustainability. The forum will explore AI's transformative potential to address global environmental challenges, such as climate change, pollution, and resource scarcity. By examining AI-driven solutions, WOFA aims to inspire innovative approaches to environmental management and conservation.

While recognizing the immense potential of AI, the forum will also emphasize the importance of ethical and responsible AI development, to ensure that AI is deployed in a manner that benefits society and the environment. WOFA will also discuss the creation of ethical guidelines, regulations, and standards that promote responsible AI and prevent unintended negative consequences. Finally, the forum will foster discussions on international cooperation and partnerships to address global environmental challenges through AI. By promoting collaboration between governments, businesses, and academia, WOFA aims to accelerate the development and adoption of AI solutions that contribute to a sustainable future.

About Theme of WOFA

About India

India is one of the oldest civilizations in the world with a kaleidoscopic variety and rich cultural heritage. It covers an area of 32,87,263 sq. km, extending from the snow-covered Himalayan heights to the tropical rain forests of the south. As the 7th largest country in the world, India stands apart from the rest of Asia, marked off as it is by mountains and the sea, which give the country a distinct geographical entity. Bounded by the Great Himalayas in the north, it stretches southwards and at the Tropic of Cancer, tapers off into the Indian Ocean between the Bay of Bengal on the east and the Arabian Sea on the west. As you travel, India offers a range of vast tourism choices, diverse in land and nature, people, tribes, cuisine, faiths, dance forms, music, arts, crafts, adventure, sport, spirituality, history; even these vary as you move from one state to another. From world-class airports and hotels, luxurious shopping malls, restaurants, pubs and cafes to overcrowded streets and alleyways, in the same cities, filled with thousands of little shops offering every possible modern and ethnic product and native street food is a fascinating experience.

The Land of Opportunities

One of the world's fastest-growing economies.

Most attractive destination for IT companies across the world.

One of the biggest and best business outsourcing providers in the world.

Global innovation hub and the world's largest start up ecosystem.

A country of the youth.

ABOUT DELHI

The vibrant capital city of India, is not only a bustling metropolis but also a treasure trove of history and culture. It boasts of three Z - Qutab Minar, Red Fort, and Humayun's Tomb.

A perfect blend of modern era's contemporary style and the grandeur of the medieval era, Delhi is a cultural hub and the political centre of India, with great historical significance. It's a pulsating megalopolis that stifles and invigorates in equal measure. It is home to some of the best culinary delights ranging from five-star restaurants to delightfully indie street food hawkers.

For a shopper's delight, Delhi has some of the most exquisite brands in dazzling malls and at the same time features street shopping hubs for authentic souvenirs. Delhi is second largest populated city in the world and home to iconic historical monuments and temples and one of the most significant urban centres.
